

Ontario Survey results for Fairness Alberta

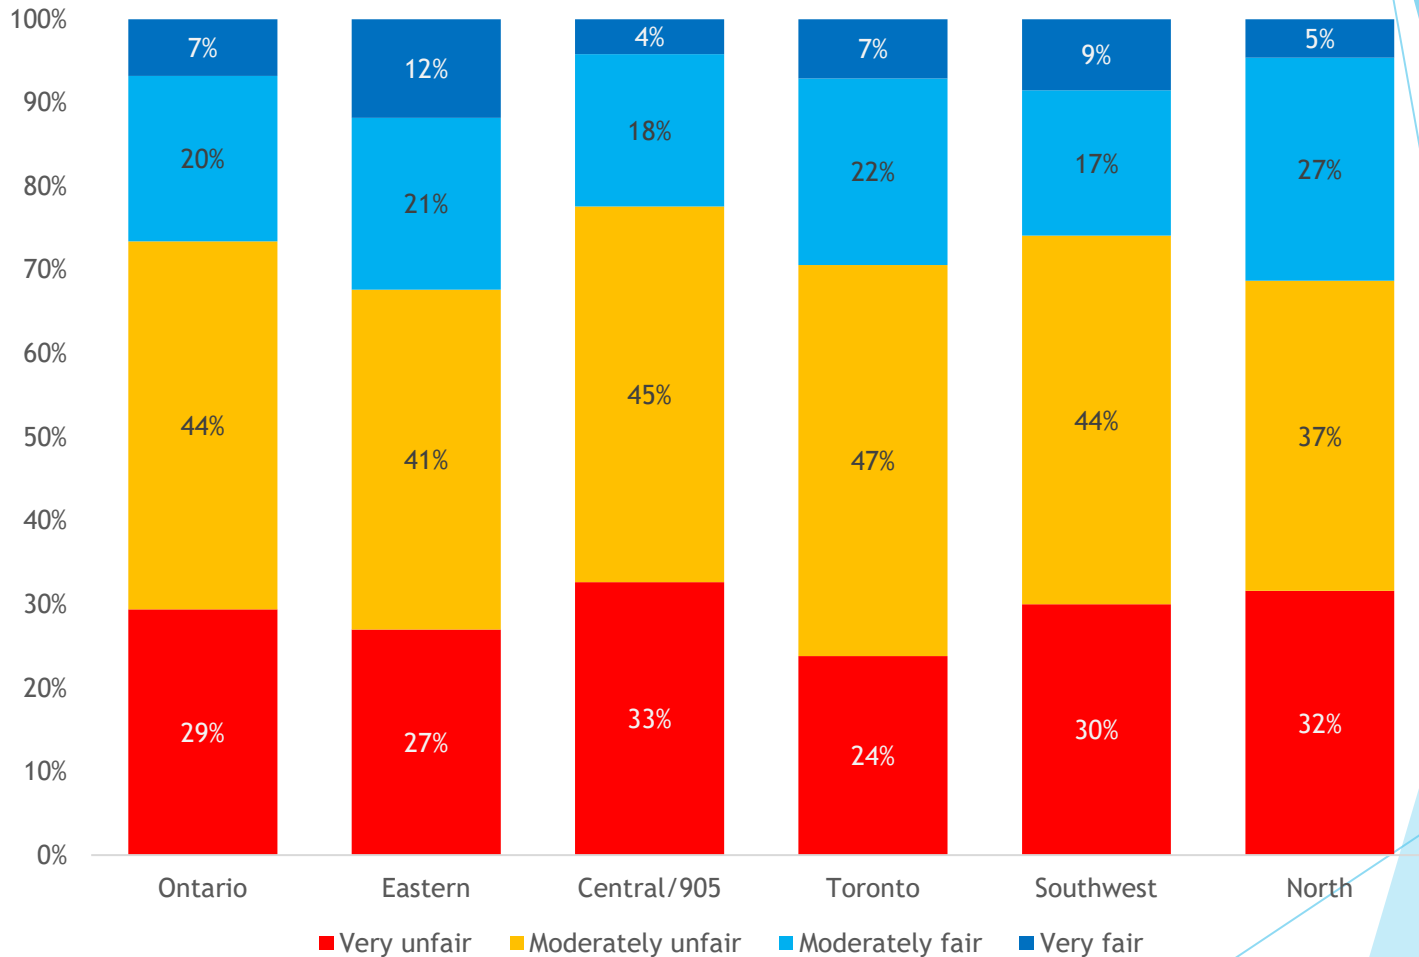

June 2021

Methodology

- ▶ 1,002 Ontarian adults were surveyed online using a representative panel.
- ▶ The survey was conducted from June 22 to 24, 2021
- ▶ The margin of error is +/- 3.1%, nineteen times out of twenty
 - ▶ Subgroups have larger margins of error
- ▶ The results have been weighted for accuracy by age, gender, region and past provincial vote using the most recent census data from Statistics Canada.

Fairness of Equalization

By Region

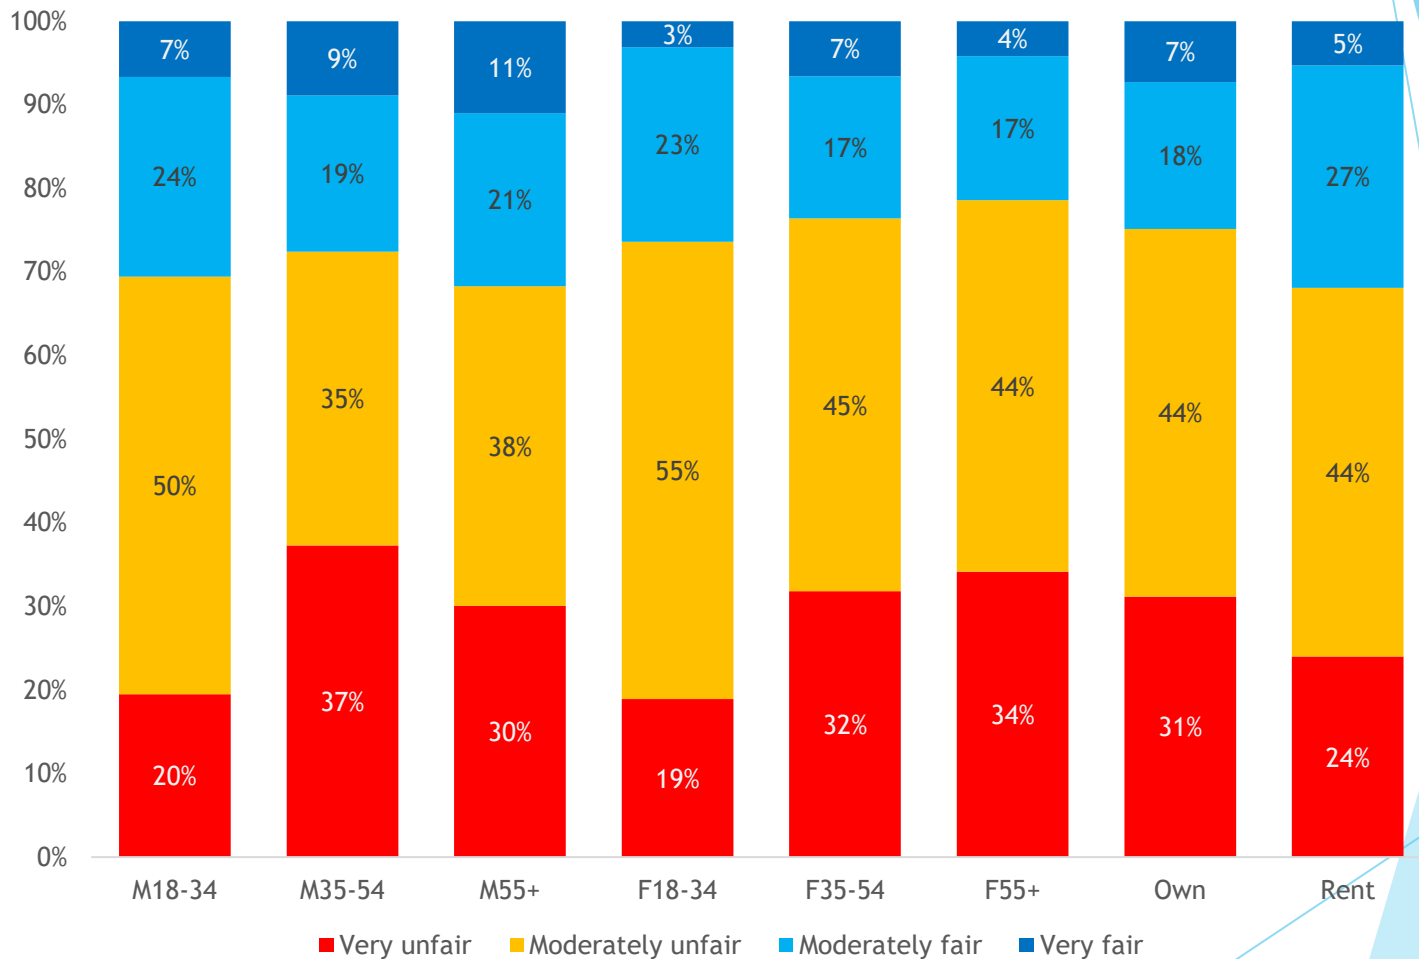

Despite the provinces being closer in wealth than ever, a record \$21 billion in Equalization was paid this year. The tab for Ontario taxpayers is over 8 billion, or \$2,400 per family of four to fund other provincial governments.

Given the strain your provincial government is under, do you think it is unfair to have so much in taxes leave your province for Equalization payments to others?
